About

The North Carolina Chapter of the American College of Cardiology (NCCACC) and the South Carolina Chapter of the American College of Cardiology (SCCACC) are each a chapter of the American College of Cardiology (ACC), a non-profit medical professional society and teaching institution dedicated to fostering optimal cardiovascular care and disease prevention through professional education, promotion of research, and leadership in the development of standards and formulation of health care policy. The chapters serve as a conduit for the flow of information to and from the membership and national organization (American College of Cardiology).

Annual Joint Meeting — Overview

- Our meeting leadership is assembling an outstanding nationally known faculty, and we plan to host cardiologists, cardiovascular surgeons, cardiovascular technicians, nurses, program administrators and guests from across the Carolinas.
- A mixture of clinical and socioeconomic topics relevant to the practice of cardiology will be presented. Sessions will include clinical topics, important developing topics in the general area of cardiology, an update on recent healthcare reimbursement issues, NC and SC Chapter meetings, an update on activities within the American College of Cardiology and nationally known speakers.
- In addition, the Chapter will be holding a Fellows-in-Training Seminar, CV Team Seminar and a Women in Cardiology seminar on **September 27**. Each of these programs have been held at prior annual meetings with great success and high attendance.
- Many opportunities are offered for our supporters to participate in this conference with sponsorships and networking.
